INSTANT WATER HEATER

11 SAFETY POINTS

SEERS INSTANT WATER HEATER - S23

1 Fully Concealed Casing
• Zero moving parts / gaps design to avoid sharp object penetration towards.

2 International Protection Rating
• Water jets proof design comply with IEC 60529 for high level protection.

3 Fire Retarded Casing Material
• Non flammable.

10 Safety Power Cut
• Build in high sensitivity digital earth leakage circuit breaker (ELCB)
• Double Pole cut both live and neutral

7 Double Pole Thermal Cut-Off
• Overheating protection 2 pole complete power cut off in abnormal condition.
• Manual reset to prevent damages

11 Non Combustible Heat Chamber
• Full stainless steel
• Rigid structure

4 Touch Screen Control
• Non Hazardous even in contact with wet condition.

5 Immediate Heating Cut Off
• Only one touch to cut off the heating power.

9 Current Breaking Device (CBD)
• Isolation barrier to eliminate any redual leakage.

8 Water Flow Switch
• Deactivate heating if absent of incoming water.
• Prevent Dry-run and over heating.

6 Auto Sensing Temperature Cut-Out
• Prevent scalding
• Auto reset function.

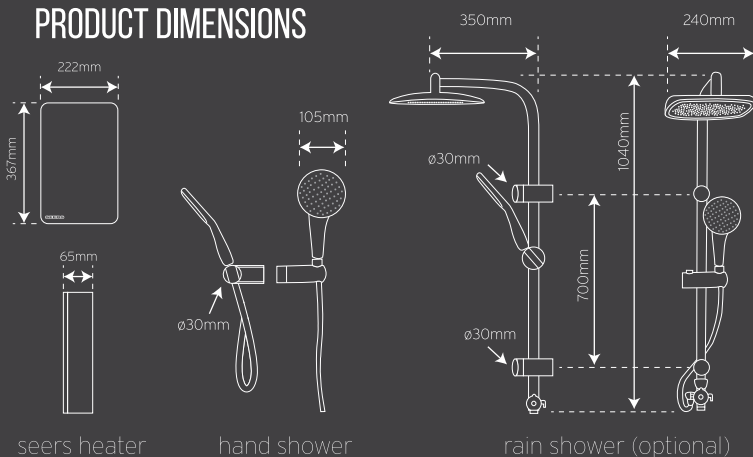

OPERATING MODE

TEST	Build in ELCB protection device (E1)
RESET	System reset return to normal operation (P2)
+	Heat Up
-	Heat Down
↻	Pump On
⏏	Pump Off

COLOR AVAILABLE :

PRODUCT DIMENSIONS

SPECIFICATIONS

MODEL FEATURES	INSTANT WATER HEATER	
	WITHOUT PUMP S23	WITH PUMP S23P
Rated Power	3.6 Kw	3.6 Kw
Rated Voltage	240Vac/phase	240Vac/phase
Rated Current	15 Amps	15 Amps
Connecting Cable Size	4.0 mm ²	4.0 mm ²
Output Temperature	35°C ~ 45°C	35°C ~ 45°C
IP	IP 25	IP 25
Minimun Flow	2L/min	2L/m
Inlet and outlet	BSP 1/2 "	BSP 1/2 "

AUTHORIZED DEALER

- 1st in the world
- Award Winner
- Energy Saving
- No Risk of Electrocution
- 3 Tiers Filtration
- 5 Tiers Protection

- 1 Year Warranty Internal Components
- 3 Years Warranty Heating Module
- 5 Years Warranty Anti-leak Heat Chamber
